

## CRUNCH TIME

Satisfy those midday cravings with **Popcorn, Indiana**, the first popcorn to have an all-natural kettle base. Salty, sweet, whole-grain, and healthy, this snack remains true to the tradition of America's old-time treat. Choose from kettlecorn, smoked cheddar cheese, spicy honey mustard, and summer picnic BBQ, all of which are perfect for entertaining or as take-alongs to the beach. If that isn't enough of a reason to try the tasty treat, how about this: It was selected by Oprah as one of her favorite things. *Available at Whole Foods, 2101 Northern Boulevard, Manhasset, 516-869-8900; popcornindiana.com.*
