

Dance Break

Despite the ongoing custody drama with her ex, **Jon**, **Kate Gosselin** put on a happy face as she left a taping of *The Joy Behar Show* with bodyguard Steve Neild in L.A. on April 14. But what about the kids, back home in Pennsylvania? "Everyone that we allow to enter my house is mesmerized by how wonderful and loving my kids are, how well-adjusted," she told *Joy*.

Bush Whacked

Madonna's new hedge has her neighbors on edge! *The Material Girl* is having 500 green bushes planted around her Bridgehampton, N.Y., home as a security measure. "No one cares about the shrubs, but the workers are another matter!" an insider tells *Star*. They've been littering — and even relieving themselves! — on the lawns of surrounding homes, says the source. "It's not the best way for her to join the neighborhood!"

Reality Bites

Audrina Patridge is over *The Hills*. She threw a tantrum at L.A.'s bar210 on April 11 when producers asked her to film more shots. "She screamed, 'I haven't slept for two days!'" a source says. Just two days earlier, she refused to speak at all while taping at *Toast* with **Kristin Cavallari**. Good thing it's the show's last season!

Greaser Girl

Where has **Kelly Osbourne** been since *Dancing with the Stars*? Under a car! "**Ozzy** used to work at a gas station before he was famous, and lately he's been teaching her the basics of car repair," says a source. Kelly's new skill set is coming in handy, since she owns a vintage 1957 Chevrolet. "She does her own oil changes," says the source. Great, but her manicure bill has no doubt gone up! ★
